5MM OCEAN-FLEX ONE PIECE SEMI-DRY SUIT

NEW
PRODUCT

OCEAN-FLEX ONE PIECE

-OF5

The OceanFlex Semi-Dry Suit is one of the most technologically advanced suits using state of the art highly flexible Ultrastretch neoprene and Beaver's expertise built up over 30 years since the production of the World's first Semi-Dry suit, the legendary Beaver 'Icelandic'. The design incorporates a new combination of Superstretch, extra strong protective GuardFlex and other neoprene's. Features modern and stylish rubber PVC logos for a distinct and subtle look. Constructed with twin wrist, ankle and neck seals to minimise almost all water ingress and help maintain thermal insulation and aid comfort. Manufactured with YKK zips, with corrosion free ultraslik nylon runners and teeth. The revolutionary materials provide outstanding levels of movement and superior levels of comfort, whilst also providing highly efficient insulation against the water. The OceanFlex is ideal for use in temperate conditions and available in a choice of either 5 or 7mm double lined neoprene's. This striking suit is also available as the OceanFlex Combi with over-jacket for extra thermal insulation and long yoke semi dry hood providing unmatched comfort and maximum

COLOUR: BLACK WITH GREY STITCHING.

SIZES: 11 SIZES PLEASE SEE THE NEW SIZE CHART ON PAGE 66.

TWIN SEMI-DRY ANKLE SEALS

SEMI-DRY NECK SEAL
GUARDFLEX SHOULDERS

TWIN SEMI-DRY WRIST SEALS

GUARDFLEX KNEE PADS

EXTENDED ZIP PULLERS

All neoprene suits from Beaver feature Advanced Titanium Technology production procedures, the latest high tech ultraflex neoprene with silver coloured 'extend' internal lining combined with titanium. This is scientifically proven to reflect more body heat back, keeping you considerably warmer, whilst the 'extend' lining facilitates easier changing. This combination provides an extremely comfortable material producing a suit that will provide many years of service for the active water sports enthusiast. All Beaver suits also feature our advanced double lock, dry stitch technology on all seams. This involves double gluing the two sections together & then cup-stitching the joint on both sides of the material. The resulting seam is the strongest possible, giving you the famous Beaver durability. It is also exceptionally dry & lies flat against the skin to make it extremely comfortable.

£32.50

FLORIDA ULTRA - FU

Stylish 3mm feature packed one piece semi-dry suit made from ultraflex neoprene with our unique advanced titanium technology 'extend' inner lining. This provides warmth, comfort, full body protection & optimal thermal stability for warm water diving.

The suit's many features include:

- Reduced water influx provided by semi-dry seals made of our new advanced metalskin lined neoprene, which is proven to be extremely hardwearing & resistant to damage.
- Specially designed reinforced shoulder panels help prevent your B.C.D. or weight harness from slipping & protect the surface of the neoprene.
- Reinforced knee pads prolong suit life protecting against wear & tear, also improving comfort.
- New adjustable velcro closing semi-dry neck seal to reduce flushing & increase comfort.
- Zip backing panels on main zip to minimise water influx, reducing flush & maximising warmth.
- All zips are top quality made by YKK, with nylon runners & teeth, completely eliminating rust & corrosion.
- High pocket for storage of small items during diving.

SIZES: LADIES S/M & L/S SEE SIZE CHART ON PAGE 67.

COLOURS:
BLACK/AMETHYST/PINK,
BLACK/COBALT BLUE/GOLD

MAUI - MI

The Maui is a great 5mm one piece suit for sailing, diving, kayaking & more! A superb set of features & our advanced Titanium technology ensure a warm & flexible suit at a great price. The high visibility design makes identification easy for improved safety.

Packed with features:

- One piece with rear zip & pull cord facilitates easy solo fitting.
- Unique & attractive panel design with 2 colour combinations.
- Zippered wrist & ankles to help fitting & improve warmth.
- Zip backing panel acts as a spine pad, reducing water influx & improving comfort.
- Comfortable & rugged kneepads improve comfort & help to protect against wear & tear.
- All zips from YKK, with ultraslik nylon runners & teeth, to completely eliminate rust & corrosion.

UNDERSUITS

ATLANTIC, BALTIC AND ARCTIC UNDERSUITS ARE COMPLETE WITH A HOST OF EXCITING FEATURES:

- Breathable aerated material on underarms & wrists, which allow air to flow easily through the suit & assist venting air through drysuit valves.
- Extra Flexible shoulder area allows freedom of movement and provides comfort, protection & durability.
- Chest pocket with full velcro fastening system for added security. Two convenient waist pockets and sleeve pocket with heavy duty zip for storing important items.
- Handy lightweight nylon storage bag with adjustable shoulder carrying strap included.
- Elasticated cuffs on ankles & wrists allow easy dressing and increase thermal protection.
- Attractive designer logos embroidered into the sleeves & pocket.
- 2 Way fast access zipper in front of suit to allow easy access when the need arises.
- Elasticated waistline ensures a stylish, streamlined & comfortable fit.

ATLANTIC - FLEECE LINED UNDERSUIT - AT

The all new Atlantic fleece lined undersuit is manufactured from state of the art 300gsm thermo fleece material internally, combined with a 190T waterproof, durable and flexible nylon outer shell which is quilted in an attractive diamond pattern. The Atlantic offers effective heat insulation and is extremely comfortable for use in warmer waters.

SIZES: AVAILABLE IN S, S/M, M, X/M, M/L, L, LP, LXP, XL, XXL & XXXL PLEASE SEE SIZE CHART ON PAGE 67.

COLOUR: ALL BLACK.

BALTIC - 100 GRAMME THERMOFLEX UNDERSUIT - BA

The Baltic 100 gramme Thermoflex undersuit is manufactured from a light weight 100gsm thermoflex material, which is diamond quilted to 210gsm technical fleece producing great levels of thermal protection. The waterproof outer shell is manufactured from 124gsm breathable nylon ensuring unmatched levels of comfort at all times. A cost effective suit ideal for diving in a range of water temperatures and perfectly matched to wear under a vast range of drysuits.

SIZES: AVAILABLE IN S, S/M, M, X/M, M/L, L, LP, LXP, XL, XXL & XXXL PLEASE SEE SIZE CHART ON PAGE 67.

B.C.D.'S & SNORKELLING VESTS

STORM SIDEMOUNT

B.C.D.

Back-buoyancy rear bladder provides fantastic freedom of movement. Its streamlined and flexible design provides reduced drag and simple and effective buoyancy control whilst also ensuring a high level of comfort. With full visibility, it is quick and simple to get access to the cylinders, valves, and regulators, which allows efficient adjustment at variable depths. The Storm Sidemount B.C.D. system is suitable for use by all divers including professional sidemount, cave and technical experts. Supplied with harness, butt plate, wing and crotch strap ready assembled and is complete with rigging kit which includes attachment line, two extra strong bungee straps with a 100mm stainless steel swivel bolt snap and 48mm stainless steel screw lock quick link attached to each end. Also two heavy duty fully adjustable Cam Bands with stainless steel buckles, and four 120mm stainless steel swivel bolt snaps, everything that is required for immediate sidemount diving. The entire assembly can be quickly dismantled for ease of storage and travel.

- Outer shell: super durable 1680D nylon with double PU coating for maximum abrasion resistance.
- Bladder material: 210D nylon with TPU lamination.
- Equipped with a high-performance inflator and efficient twin exhaust valve system.
- Soft padded back pad ensures great comfort.
- 20" corrugated hose.
- 16" low pressure direct feed hose.

WEIGHT: 3.0 KG. NOT INCLUDING RIGGING KIT.

STEEL CYLINDERS

Beaver seamless cylinders are manufactured to stringent standards set by the demanding European PED specification to ensure your CE marked cylinder is allowed for use throughout the European Community - unlike other inferior designs.

The body, manufactured from precision grade Steel exceeding BS 708 A 37, provides a high tensile strength and an elastic modulus that is 3 times superior to Aluminium. The cylinder is precision coated by 40µm Flame Spray Galvanising, an anti oxidising RAL 9010 precoat and a smooth, tough lacquer finish. Our cylinders are supplied O₂ clean for mixed gas compatibility.

Our cylinder packages are complete with the latest EN 144-1 smooth flow valve with M25X2 EN 144 thread. A durable polymer boot protects a vital part of your life support system and allows vertical storage.

Combining these high tech features provides a corrosion resistant cylinder which can satisfy your air requirements over many years of intensive diving.

BARE STEEL CYLINDERS

Lightweight Steel cylinder, manufactured to European Community PED specification with M25x2 thread & EN 144-1 neck. Bare cylinder only.

SIZE IN LITRES:	CODE:	R.R.P.	Weight kg	Diameter mm	Length mm
15 LITRE - 232 BAR	CYL 15 232	£246.00	18.3kg	204mm	635mm
12 LITRE TALL - 300 BAR	CYL 12T 300	£242.00	17.7kg	171mm	725mm
12 LITRE TALL - 232 BAR	CYL 12T 232	£199.00	14kg	171mm	690mm
10 LITRE - 232 BAR	CYL 10 232	£188.00	12.2kg	171mm	590mm
7 LITRE - 300 BAR	CYL 7 300	£191.00	8.7kg	140mm	615mm
7 LITRE - 232 BAR	CYL 7 232	£171.00	9.4kg	140mm	590mm
5 LITRE - 232 BAR	CYL 5 232	£159.00	7.8kg	140mm	450mm
3 LITRE - 300 BAR	CYL 3 300	£122.00	4.9kg	100mm	515mm
3 LITRE - 232 BAR	CYL 3 232	£119.00	4.9kg	100mm	515mm

Cylinders supplied O₂ clean, ready for use with Nitrox or Trimix if assembled in an appropriate environment with O₂ clean valves & equipment.

Cylinder weights and dimensions are for guidance only and vary slightly due to the manufacturing processes employed. The above weights and dimensions are for bare cylinders only, for a single cylinder package add approximately 1.5kg to the above weight and 100mm to the overall length.

Beaver

STEEL CYLINDER PACKAGES

COMPLETE STEEL CYLINDER PACKAGES

Lightweight Steel cylinder package, manufactured to PED specification. Complete with M25x2 neck & EN 144-1 thread, EN-144-3 valve & boot. All the parts required to assemble a cylinder package.

SIZE IN LITRES:	CODE:	R.R.P.
15 - 232 BAR	CP15 232	£285.00
12 TALL - 300 BAR	CP 12T 300	£287.00
12 TALL - 232 BAR	CP 12T 232	£239.00
10 - 232 BAR	CP 10 232	£228.00
7 - 300 BAR	CP 7 300	£235.00
7 - 232 BAR	CP 7 232	£206.00
5 - 232 BAR	CP 5 232	£193.00
3 - 300 BAR	CP 3 300	£159.00
3 - 232 BAR	CP 3 232	£151.00

PLEASE NOTE THAT CYLINDER BOOTS ARE NOT INCLUDED WITH 3 LITRE CYLINDER PACKAGES.

COMPLETE STEEL AIRGUN CYLINDER PACKAGES

Lightweight Steel cylinder package, manufactured to PED specification, EN-144|M25x2 cylinder thread with 300 Bar EN-144-3 type DIN outlet fitting. With purge valve and built in pressure gauge. Comes complete with cylinder boot where applicable. All the parts required to assemble a airgun cylinder package.

SIZE IN LITRES:	CODE:	R.R.P.
12 - 300 BAR	AGP 12	£331.00
7 - 300 BAR	AGP 7	£279.00
3 - 300 BAR	AGP 3	£203.00

PLEASE NOTE THAT THE 3 LITRE AIRGUN CYLINDER PACKAGE DOES NOT INCLUDE A CYLINDER BOOT.

Cylinders supplied O₂ clean, ready for use with Nitrox or Trimix if assembled in an appropriate environment with O₂ clean valves & equipment.

COMPLETE STEEL CYLINDER TWIN SETS

Two lightweight steel cylinders, manufactured to PED specification. complete with M25x2 EN-144-3 manifold, twin boot & stainless steel bands. Everything you need to assemble a twin set.

SIZE IN LITRES:	CODE:	R.R.P.
12 - 300 BAR	TWIN 12 300	£669.00
12 - 232 BAR	TWIN 12 232	£589.00

CYLINDER & PONY ACCESSORIES

CYLINDER MESH

Heavy duty nylon mesh to protect your cylinder.

COLOURS: BLACK & YELLOW.

178MM: FOR 10 & 12 LITRE

TALL CYLINDERS - **CM 7**

204MM: FOR 15 & 12 LITRE

SHORT CYLINDERS - **CM 8**

R.R.P.
£6.95

NEOPRENE CYLINDER COVER - NTC

Provides protection against cylinder damage. 3mm Neoprene with exterior nylon jersey lining and Metalskin interior to prevent slipping.

COLOUR: BLACK.

SIZES TO FIT: 10, 12 TALL & 15 LITRE CYLINDERS.

R.R.P.
£13.95

PONY CYLINDER POUCH

Heavy duty nylon with cord lock closing & adjustable quick release fittings to attach to main cylinder. Fits most 2 to 3 Litre pony cylinders.

ALUMINIUM - PPA

STEEL - PPS

R.R.P.
£10.95

STAGE CARRY STRAP - SCS

Fully adjustable strap for carrying stage cylinders. Can be used with 3, 5, 7, 10 & 12 litre cylinders. With large size Bolt Snaps. Requires Hi-grip band to attach to cylinder, please see page 38.

R.R.P.
£15.50

DIN DUST CAPS

Durable plastic cover for cylinder valves with EN-144-1 or EN-144-3 DIN fittings. Protects & prevents contamination of your DIN fittings. Conveniently attached with the supplied cord.

COLOUR: BLACK.

MALE DIN DUST CAP - DC MDN

FEMALE DIN DUST CAP - DC FDN

R.R.P.
£3.75

A-CLAMP DUST CAP

- DC INT

Durable flexible cover for regulators etc. with A-Clamp fitting. Protects & prevents contamination of the 1st stage primary filter.

COLOUR: BLACK.

R.R.P.
£3.65

CYLINDER VALVE CAP

- CVC

Fits most standard types of A-Clamp fitting cross flow cylinder valves to prevent contamination when not connected to a regulator. Integrated cord reduces the risk of misplacing when the valve is in use.

COLOUR: BLACK.

R.R.P.
£2.65

CYLINDER NET - CNT

Woven high density nylon mesh net provides an unbeatable level of protection for cylinders during use and transport. Drawstring cord top and bottom closure provides streamlined accurate fit ensuring strength and security, also covers and protects the base and neck.

COLOURS: BLUE, BLACK & YELLOW

SIZES TO FIT: 7, 10, 12 TALL, 12 DUMPY & 15 LITRE CYLINDERS.

R.R.P.
£12.75

CYLINDER CARRY HANDLE - CCH

Ultra tough, hard wearing cylinder carry handle for comfortable & convenient carrying of cylinders without endangering the valve.

R.R.P.
£10.25

CYLINDER CARRYING STRAP - CCS

Heavy duty webbing strap with comfortable moulded rubber handle makes carrying heavy cylinders a pleasure!! Fully adjustable to fit all cylinders with a diameter between 135 & 210mm.

R.R.P.
£12.50

ALUMINIUM DIN DUST CAPS

High quality machined Aluminium cover for cylinder valves, regulators, air filters etc. with standard DIN fitting. Protects & prevents contamination of your EN-144-1 and 3 type DIN fittings. Conveniently attached with the supplied cord. Available in male & female.

COLOURS: BLACK, BLUE (DC MDA Only)

MALE - DC MDA

FEMALE - DC FDA

R.R.P.

DECANTING HOSES

Ideal for decanting air from one cylinder to another. With 2 EN-144-1 type DIN fittings & 68 cm long hose. 232 Bar unit may be used with DIN to A-Clamp adapter to fit A-Clamp fitting valves. Available with optional Pressure Gauge with male and female 7/16" UNF threads, this then increases flexibility and may be used for blending and checking pressure in both or either cylinder independently.

232 BAR - HS DEC 2 R.R.P.

£18.50

DRY ZIP SIZES

When ordering a dry suit zip, whether for a new suit or as a replacement, it is vital that the length of the zip is correct. To assist in ordering and to minimise the chances of ordering the wrong size zip please use the following guide.

Each end of the zip, not the zip panel, is finished with moulded rubber block that seals and holds together the ends of the two sides of the zip. The length as specified in the product descriptions below is taken to extreme ends of the rubber blocks at each end of the zip.

STANDARD DUTY DRY SUIT ZIPS

Standard grade dry suit zip suitable for most drysuits, with extra wide backing for increased adhesion.
